

# The Showdown

Draman rode for many hours through the rain, until he finally saw the tower.

There was a Gallery Opening  
at the Felix.

All the folks of the town showed up...

There was the actor..

The girl in the mink...

The waitress...

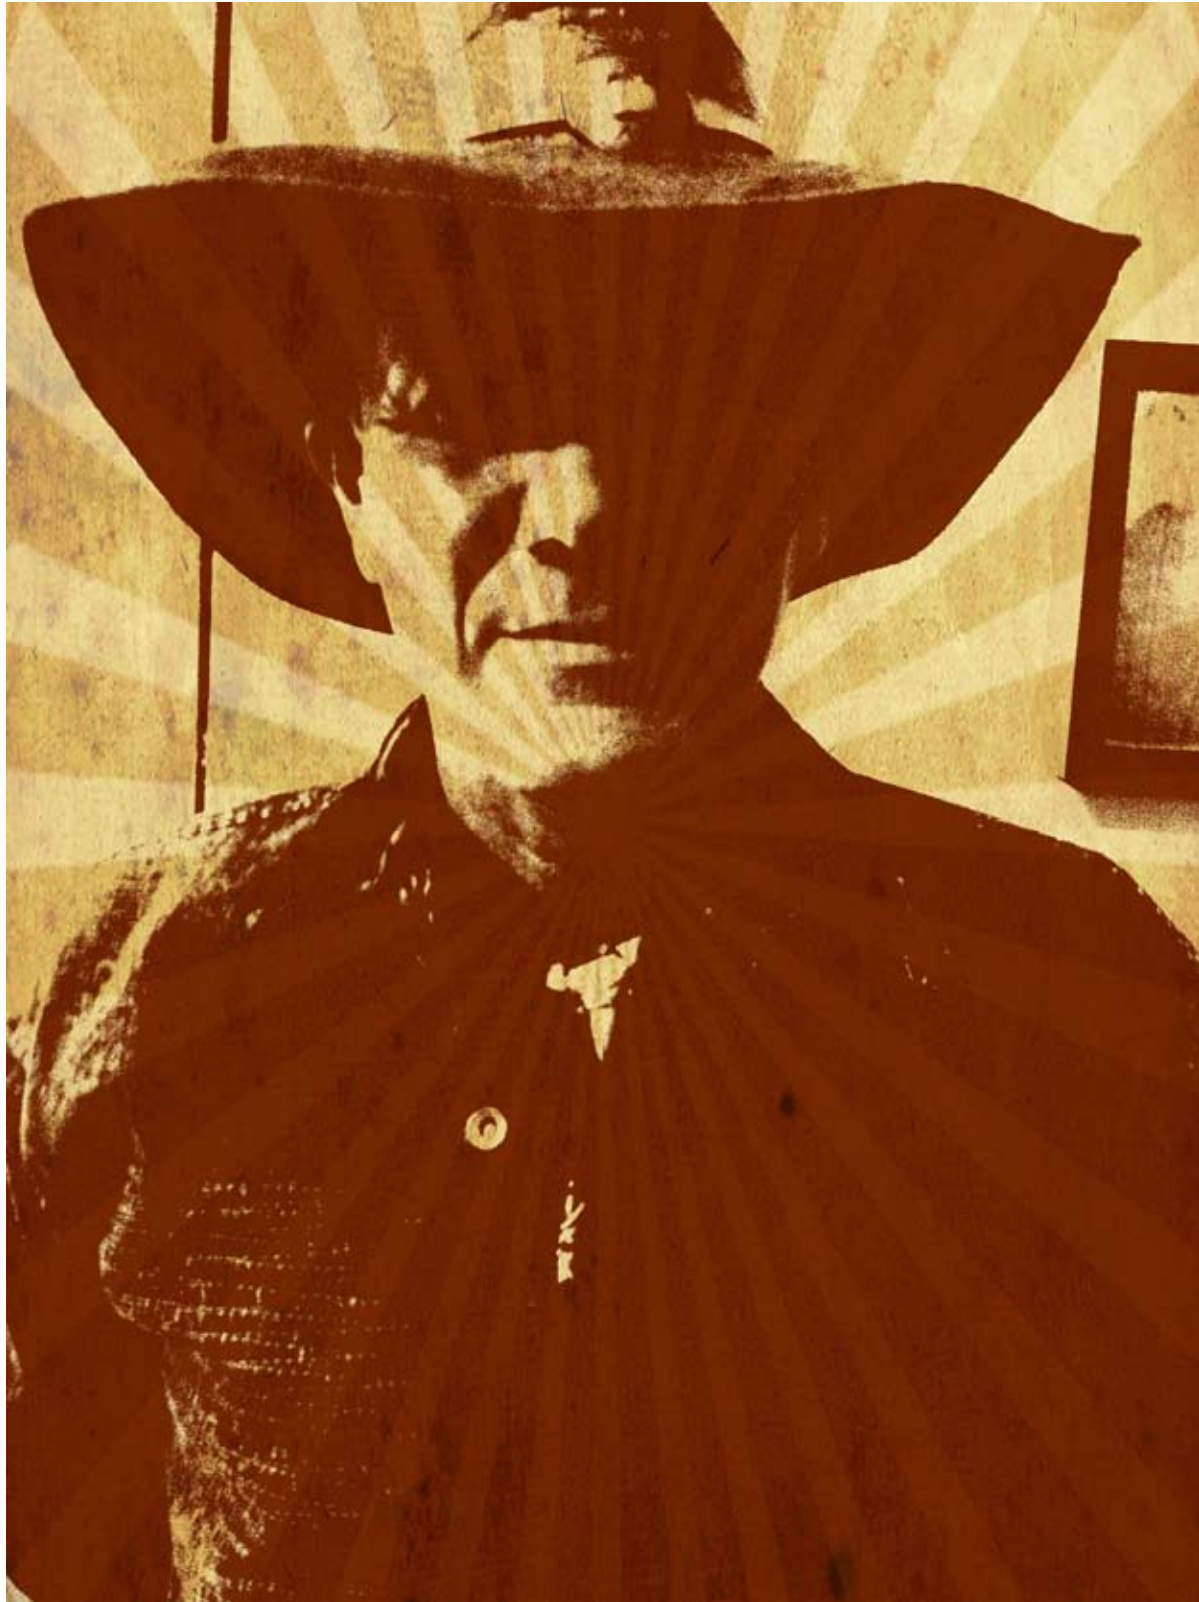

The rock star...

The pug...

The artist...

And the cowboy...

Suddenly...

Shooters appeared out of nowhere...

Draman quickly took aim...

The cowboy froze... and everyone shot...  
and shot... and shot...
